ENDOSMART[®]

Nitinol in its best shape. 

WE ARE PARTNERING
WITH **CHAMFR.COM** TO BRING OUR
COMPONENTS TO YOU, FASTER.

About Chamfr

Chamfr is a medical device focused multi-vendor marketplace where engineers and buyers can access 3000+ components for their medical device innovations from 30+ suppliers. The one stop shop offers balloons, braided structures, catheters, connectors & fittings, electrodes, heat shrink tubing, mandrels & wire, metal pins, nitinol components, thin films, tubing and much, much, more. All components are in-stock and ready to ship. Learn more at Chamfr.com.

About ENDOSMART

Nitinol is our multitalent! Since 2002 ENDOSMART has been expert in processing the shape memory alloy Nitinol and offering solutions and services for medical device manufactures. Founded in Southern Germany, we provide our knowhow and expertise for customers all over the world. The offer of our nearly 100-strong ENDOSMART team includes an all-round service: conceptual design of your idea, development of prototypes, series production even in cleanroom environment and support during the approval process. We are your Nitinol expert!
